EDUCATION

University of Central Florida
Bachelor of Science in Computer Science

Aug. 2024 – May 2027
Orlando, FL

Valencia College
Associates of Arts - General Studies

Aug. 2022 – May 2024
Orlando, FL

EXPERIENCE

University of Central Florida
Teaching Assistant - Data Structures & Algorithms (CS1)

Jan 2025 – Present
Orlando, FL

- Facilitate lab sessions and office hours to reinforce data structures concepts including trees, heaps, and sorting algorithms.
- Grade assignments and provide constructive feedback to help students improve their understanding of algorithmic problem-solving.
- Assist students with debugging and understanding C-based implementations of fundamental data structures.

Downtown Diner Celebration
Food Server

Jan 2024 – Present
Celebration, FL

- Directing tourists to desired areas to travel to in local vicinity.
- Exceptional multitasking skills due to larger responsibility in restaurant
- Efficiently managing time between customer requests and job responsibilities.

Mindhome
Software Engineer - Internship

December 2022 - February 2023
Remote

- ROS2 Training utilizing python for AI coding fundamentals
- Underwent minor backend development using Ruby
- Developed a holistic understanding of software development methodologies.

PROJECTS

miniredis | *C++, POSIX sockets, systems programming*

- Built a Redis-like in-memory key-value store from scratch using modern C++ and POSIX sockets.
- Implemented event-driven TCP server with poll() capable of handling multiple concurrent client connections.
- Developed RESP protocol serialization and core commands (SET, GET, PING, ECHO) with per-client buffering.

TECHNICAL SKILLS

Languages: Java, C/C++, Go

Developer Tools: Git, Docker, VS Code, PostgreSQL
